2019 State of Curbside Recycling Survey Open!

Help determine the State of Curbside Recycling in America! Our 2019 State of Curbside Recycling Survey is open for your input. Tell us about your challenges, policies, and program financing to help build a robust and resilient curbside recycling system in the United States. The greater the participation, the greater the power of this data. Let's tell the story of the current recycling landscape. Complete the survey [here](#)

Pick Up Your Copy of the Water Trail Guidebook and Map Set

The new NYS Canalway Water Trail Guidebook and set of four water and tear resistant maps is an indispensable resource for paddlers to experience the waterway. The 70-page guide includes launch sites, paddle-friendly facilities and amenities, and places of interest for over 450 miles of the NYS Canal System, including the Erie, Seneca, Oswego, and Champlain canals. Visit our website to download or order a copy.

Adopt-a-Horse: Support the Solar-Powered Heritage Carousel

A solar-powered historic carousel is planned for Canalside in 2018. The Buffalo Heritage Carousel, Inc. is currently restoring the 1924 Spillman carousel which features 34 hand carved and painted animals and 3 chariots, with many currently needing restoration. Consider adopting one of the animals or contributing to the efforts of the project. For more info, visit <http://buffaloheritagecarousel.org/>

DEC Launches Tool to Increase Transparency and Access to Data and Reports

DEC recently launched an interactive map that provides access to DEC documents and public data about New York's environment and outdoor recreation resources. This first-of-its-kind DEC mapping application generates results specific to locations across the state and includes 50 interactive data layers. Several information layers can be active at any time, allowing users to see the many ways DEC is working to protect and enhance the state's environment and recreational opportunities. You can use the tool to find places to view wildlife, locate areas with fishing rights and conservation easements. To access the mapping application, visit [the DEC Locator web page](#)

Mark **September 28th and 29th** on your calendar for the Masterson's Honey Harvest Festival. The annual festival features speakers and demonstrations related to honey and production of honey. Honey tastings allow you to experience bees' hard work. Masterson's Nursery is in East Aurora.

NYSERDA Farm Energy Audits

NYSERDA offers free energy audits to identify energy efficiency measures for eligible farms and producers, including but not limited to: dairies, orchards, greenhouses, vegetable growers, vineyards, grain dryers, etc. Farms must be customers of a New York State investor-owned utility and contribute to the System Benefits Charge (SBC). Please check your farm's current electricity bills to determine if you pay SBC. Farms can request an energy audit through the Agriculture Energy Audit Program.

Skincare Chemicals and Coral Reefs Website

Common chemicals used in thousands of products to protect against harmful effects of ultraviolet light harm corals and other marine life. If you are planning a swim, check out your skincare to reduce harm to aquatic life. [more from this excellent NOAA website.](#)

Personal Plastics Calculator

Environmental footprint calculators have been used for a number of years as a measure of personal impact. Now there is a calculator that allows you to assess your plastic usage week or year. While we may not have substitutes for all of the items, the first step in reduction is awareness. Check out the calculator [plastic footprint](#)

Your Guide to Farmer Grants in the Northeast

Farm Credit East compiled a comprehensive report of farming grants offered in the northeast. The report is organized by first listing federal/regional grants, and then by state. However, federal resources are applicable to all states. [Review here](#)

Deadline Extended for NY Community Greenworks Applications

The New York State Department of State (DOS) has extended the deadline for applications for the NY Community Greenworks "train-the-trainer" program to **August 7, 2019**. Community organizations can apply to receive one week of intensive training from PUSH Buffalo (People United for Sustainable Housing) in sustainable community development, vacant property revitalization, green technologies, community engagement and empowerment and development. You can find the Request for Application [DOS's website](#)

Bee Simulator Game

In a game to be released later this year, you can discover the world through the eyes of a bee! In **Bee Simulator** collect pollen, and interact with your fellow bees, the queen and with other animal species. Explore Honey Park at your leisure, a world inspired by Central Park. Through main and secondary missions, become the bee that will save your human swarm. [View a demo of the game video at beedemo](#)

Canalway Water Trail Guidebook and Navigational Maps Available

The *New York State Canalway Water Trail Guidebook and Navigational Map Set*, which includes a set of four water and tear resistant maps will become an indispensable resource for paddlers to experience the Erie Canal waterway. The mile-by-mile guide includes launch sites, paddler-friendly facilities and amenities, and places of interest for over 450 miles of the NYS Canal System, including the Erie, Cayuga, Seneca, Oswego and Champlain. The NYS Canal System is a premier destination for paddlers, offering hundreds of miles of continuous waterway through c rivers, and lakes. The water trail welcomes paddlers of all abilities to explore this scenic and recreational waterway. For more info and to download or order a free copy of the guidebook, [visit.eriecanalway.org/watertrail](http://www.eriecanalway.org/watertrail)

Summer Spoils and Soils

Follow the [Summer Spoils and Soils](#) series, a social media campaign by the NYS Food Recovery Campaign, during the months of July and August. The series will focus on easy, creative ways to get the most out of your food this summer while also doing your part to prevent wasted food and the negative impact it has on the environment. how to cook using all parts of your produce or with food you might have otherwise thrown away, how to preserve fruit and vegetables, how to make snacks and meals out of leftovers and tips on composting anything that's too far gone to make it onto your plate.

New Packaging

3M is releasing a new type of packaging that requires no tape and no filler, and it can be customized to fit any object under 3 pounds—which 3M says accounts for about 60% of all items that are bought online and shipped. 3M claims the material, called the [Flex & Seal Shipping Roll](#)

Fall Case Study in Science Conference

Registration is now open for our Fall Case Study Teaching in Science Conference **September 27-28, 2019**, in Buffalo, NY, sponsored by the National Center for Case Study Teaching in Science, at the Buffalo Marriott Niagara. Our conference offers sessions fo

[Deciding Your City's Energy Future](#) for Grades 9-12. Students watch videos adapted from NOVA: Treasures of the Earth: Power and analyze data provided in graphs and maps concerning the availability, cost, reliability, and environmental impact of different energy sources.

[The Frogs of Panama](#) Engage students in authentic science research explore biodiversity and conservation issues in the classroom with outreach materials developed by scientists/educators studying frogs at the Smithsonian Tropical Research Institute in Panama.

[Climate Change Timeline](#) describe early science leading up to the discovery of climate change.

[Climate Change Interactives](#) allows users to enter their location and see some of the direct local effects likely with climate change.

[Educator's Guide to Marine Debris](#)- also available in Spanish, easy-use guide is designed to provide maximum flexibility for educators in both formal and informal settings.

[Educational apps for Middle and High School Students](#)

[Education apps for Elementary Students](#)

[DEC's I Fish NY Program's K-12 lesson plans about fishing, including specific ones for outside the classroom](#)

[DEC's Environmental Education K-12 lesson plans](#)

[Educational Resources on Black Bears](#) contains 29 lessons for students in kindergarten through 8th grade. The self-contained computer program is full of puzzles, computer games, special bear movies, quizzes, and interactive learning activities.

[The Northern Forest Atlas](#) is a free, online resource cataloging the plant diversity of the Northern Forest (NY, ME, NH, VT, MI, MN, MA). Includes stunning photos, charts, and videos.

[Five Gyres Curriculum](#) Next Generation Science Standards (NGSS) Educational Curriculum, piloting on Lonely Whale's Catch the Wave platform.

[LearnHowToBecome.org](#) is a comprehensive website for students and other young professionals to find and explore resources related to a variety of careers. It includes sections on career types and paths, colleges, online education, and a resource center.

[KoiKiwi](#) is an educational website with fun environmentally friendly games. Play puzzle games, action games, shooting games (shooting GHG molecules for instance!), rubbish cleaning games, recycling games.

[Using Environmental Issues Forums \(EIF\) to Enhance Deliberation: Case Studies](#) This publication documents, through a series of case studies how educators have developed locally relevant EIF materials, reflect on their experiences holding forums for a variety of audiences, and report assessment results.

[EPA Activity Book for Elementary Age Students](#) How do you describe to students what the EPA does? This newest activity book for elementary age students to help introduce them to EPA. Kids can learn about the different ways the EPA works to protect our environment and our health. It's a simple, straightforward guide suitable for children of all ages.

[Botany Primer: Understanding Botany for Nature's Notebook](#) designed to help observers make reliable plant observations for submission to the Nature's Notebook citizen and professional science program. It covers basic botany, phenology vocabulary and the USA/PN's plant phenophases. It is also very appropriate for those interested in simply learning more about botanical terms and concepts, separate from participation in Nature's Notebook

[Solar Ovens & Design Critique](#) In this unit, students design, build, and test solar ovens

[Conservation Connect](#) is a webbased video series produced by the U.S. Fish and Wildlife Service, National Conservation Training Center (NCTC). Our goal is to connect a new generation of conservationists, ages 8-16, with the great outdoors, wildlife species, and conservation careers. Conservation Connect is available to youth groups, schools, homeschoolers, nature centers, and other educational programs throughout the country, free of charge.

[Humpback whale activity books](#) Learn about whales and their migration.

[How can teachers get students to learn science from each other](#) By communicating science, students can reinforce and help others learn.

[Sky, Water, Earth: self-paced online science activities for youth](#) collection of free, online, self-paced activities that are designed for youth between the ages of 12-16 who are interested in the field of science.

[High School Teacher's Guide for Climate Choices: How should we meet the challenges of a warming planet?](#)

[Middle School Teacher's Guide for Climate Choices : How should we meet the challenges of a warming planet?](#)

[Project GRACE](#) To prepare youth in economically disadvantaged communities for the prospect of careers in science, technology, engineering, or mathematics (STEM) through Geographic Information Systems (GIS).

[Kresge Foundation's Healthy Environments grant program](#) seeks to improve the health and well-being of vulnerable populations by making the places they live, learn, work and play safe and conducive to overall good health. Application deadline: **Rolling**.

[Cisco Global Impact Cash Grants](#) support nonprofit organizations in the U.S. and worldwide that provide assistance to underserved populations and leverage technology solutions to improve the reach, efficiency, and impact of their services. Take the [Eligibility Quiz](#) to see if you can apply.

[Technical Assistance Grant Information](#) The New York State Department of Environmental Conservation (DEC) is continuously accepting applications for Technical Assistance Grants (TAGs). TAGs are a citizen participation tool available to eligible community groups to increase public awareness and understanding of remedial activities taking place in their community. Eligible community groups may apply to receive grants for up to \$50,000 per site.

[Home Depot Community Impact Grants](#) Grants, up to \$5,000, are available to nonprofit organizations and tax-exempt public service agencies in the U.S. that are using the power of volunteers to improve the physical health of their community. Grants are given in the form of The Home Depot gift cards for the purchase of tools, materials, or services.

[Shell Foundation Grant](#) Programs that restore critical ecosystems, address water, air quality research, preserve wetlands and sponsor wetlands initiatives. Deadline: **Rolling**.

[Fluor Foundation Grants](#) Nonprofits and academic institutions. Projects promoting responsible stewardship of the environment and supports organizations that protect natural resources and habitats through conservation, restoration and beautification, and environmental education. Deadline: **Rolling**.

[Disney Conservation Fund: Rapid Response Grants](#) Nonprofits and academic institutions located in the U.S. Projects

[Americorps Vista](#) Serve Buffalo community for one year, earn living allowance, limited health benefits and educational award. Email dahir@city-buffalo.com for info.

[Architectural Specifications Write](#) Cannon Design.

[Animal Behavior Manager/Animal Keeper](#) IB Buffalo Zoo.

[Life Support Apprentice Operator](#) Buffalo Zoo. Under direction, performs routine work assignments involving the life support systems throughout the Zoo. This includes ensuring all systems are functioning properly and overseeing day day operations to assure proper water quality, clarity and chemistry. Work areas will include polar bear, sea lion, North American River otter pools/LSS areas, Rain Forest Wetlands/Anaconda pools/LSS areas, primate and general animal

Citizen Science

[Project Acari](#) Help tick researchers by sending samples for analysis. Register and you can receive a free kit with a postage paid mailer.

[FrogWatch USA™](#) is a citizen science program of the Association of Zoos and Aquariums that invites individuals and families to learn about the wetlands in their communities and to conserve amphibians by reporting data on the calls of local frogs and toads.

[Hemlock and HWA Hunters](#) volunteers locate hemlock stands and hemlock woolly adelgid in NY. To join our project please send us an email at ca1933@cornell.edu or info@nyshemlockinitiative.info

[Bumblebee Watch](#) Spring has sprung, record your bumble bee sightings and send photos

[Bumblebee Nest Locations](#) We know very little about bumble bee nesting habitat and we need this information to understand this critical aspect of bumblebee habitat to aid in their conservation.

[Caterpillars Count!](#) a citizen science project, could use your help to find out if plants, insects and birds are all responding to ongoing changes in climate to the same degree.

Orchard Park Garden Club- 1 p.m.at the Orchard Park Presbyterian Church, 4369 S. Buffalo St., Orchard Park. Sign-ups begin at 1 p.m. with refreshments at 1:30 and the program at 2 p.m. Erin Bauer, founder of Fern Croft Floral, will make a slide show presentation and demonstration titled “Design with Natural and Local Materials.”

Kayaking with Tina-[info](#), [Beaver Island Nature Center](#) A little more than a beginner’s class on kayaking! Join Tina and Kelly, ACA certified kayak instructors, for more than just the basics. A kayak, paddle and life jacket will be provided for the class. Weather permitting. Space is limited, sign up early. For information and registration call (716) 282-5154. 6:30 p.m.– 8:30 p.m. *Registration: Required*

Saturday, August 31: 11am-12, 1pm- 2pm, 3pm- 4pm, *Registration: Required*

Sunday, September 1

Trek Tiff- 2 to 3:30pm. \$2 donation per person is appreciated. All Ages. Drop in on Sunday afternoons and join us for a casual volunteer

Wednesday, September 4

Tips for the Environment:

1. **Get outside and enjoy the natural world**-Try two mobile apps to learn what you are seeing in [iNaturalist](#) and its sister app [Seek](#). With Seek users simply point their camera phone at the animal or plant they want to identify. The iNaturalist app takes biodiversity learning one step further by having users contribute photos of what they are seeing to an international citizen science database.
2. **Use natural insect repellents**- Find 8 recipes that you can make [diy repellents](#). If you prefer a pre-made repellent, check out [recommendations](#).

Ongoing Volunteer Opportunities Available

Volunteer opportunities are available at local organizations for a one-time commitment for several hours to a regularly scheduled donation of your time. Websites are listed later in the newsletter.

Aquarium of Niagara- Scuba-certified volunteers needed to clean the sea lion exhibit (without animals) once monthly. Other opportunities exist for education, exhibit maintenance and other tasks.

AWARE (Association for Wild Animal Rehabilitation and Education) volunteers needed for fundraising, grant writing, capturing and transporting animals to us or the veterinarians, public relations, construction of cages, begging for donations of materials and food (for the animals, not us) and for helping at our educational programs.

Buffalo Audubon- Volunteers wanted for Beaver Meadow Audubon Center, and For the Birds Niagara with Help

Garden Walk Buffalo helps to rejuvenate neighborhoods, helps make our neighborhoods more walkable, and has an incredible impact on Buffalo's image outside the region. For info, email GardenWalkBuffalo@yahoo.com

Go Bike Buffalo- If you're interested or want more information, info@gobikebuffalo.org

Habitat for Humanity needs volunteers to help impact lives of families in the city of Buffalo by building simple, decent homes. Call 204-740 or volunteer@habitatbuffalo.org

Hawk Creek Wildlife Center is seeking volunteers for who would like to work with wildlife. 16 years or older. Call 716 652-8646. Email info@hawkcreek.org

HOME, Inc. (Housing Opportunities Made Equal) seeks volunteers to work on various committees to further fair housing. For info/application, email aj265@homeny.org or visit their website at www.homeny.org

Iroquois Observations offers free nature programs in partnership with the Buffalo Audubon Society each spring and fall. Please contact Garner Light at 752-10 or light@rochester.rr.com for more information.
